Covid requirements at St Peters are as follows:

You will understand that because we want to safeguard everyone in these strange times, there are some extra rules. If you have any questions, do get in touch with me, tickets@rscdsbristol.info or other committee members.

Here they are!

We would like everyone to perform a lateral flow test no more than 24 hours before the class ie that day or the evening before. (If you have not done these – they are free from any pharmacy or online and are easy to do).

If you have been double vaccinated and your test is negative, you are free to dance without a mask.

If you have been double vaccinated but are unwilling or unable to do a test, we ask that you wear a mask.

If have not been vaccinated and your test is negative, we ask that you wear a mask.

NB

If your test is positive or you have symptoms of Covid – please do not attend.

If you have not been vaccinated and have not been able or willing to take a test - please do not attend.

We will keep doors and windows open to ventilate the Hall. Please use sanitizer on your hands between dances and bring your own water to make it easier for you to identify your drink and keep everyone safe. Water jugs will be provided for refills and compostable cups for those who forget their water bottles. We will have a “one in, one out” rule for the toilets.

Our thanks to the Westbury Scottish Club for their assistance with this summary.

There is no knowing what the rules might be on the day, and they may be markedly different, either way, but please be prepared to comply with these requirements. You will be advised of any changes should this be necessary.
